

# Audio Describer Training

April 25th, 26th & 27th, 2025

AD)))

**Access Virginia is pleased to offer this three-day workshop for people interested in becoming audio describers!**

## What is Audio Description?

Audio description is a narration service for people who are blind or have low vision. The audio describer provides an ongoing dialogue of visuals at live theater performances and events.

## Participants Will Learn:

- How to articulate visual details effectively and in the moment.
- Tips for bringing audio description back to your organization as an accommodation.
- How to enhance the theater experience for the blind and visually impaired audience.

## Participants Must:

- Pay attention to detail.
- Articulate quickly and clearly.
- Possess strong oral and written communication skills.

**\*Participants in this training are eligible to audition for Audio Describer employment opportunities with Access Virginia .\***

*\*\*Payments are due in advance. A refund requires 24 hour notice minimum. \*\**

## When:

Fri., Apr. 25, 5 pm - 9 pm | Sat., Apr. 26, 10 am - 5 pm, Sun. Apr. 27, 10 am - 5 pm

## Where:

54 Old Hampton Lane (ZelTech Building)  
Hampton, VA 23669

**Cost:** \$300 for new trainees

## To Register:

Space is limited. **Reserve your spot by Friday, April 18th** with 50% down payment (\$10 off for Network Peninsula Members.)
